

# ***Fireplace Chimney Inspection & Cleaning***

***Saturday, 6 January 2024,  
starting at 11 am***

**Clean Sweep Chimney Service** will be on site on Saturday, 6 January, to inspect all fireplaces in the building and clean the chimney flues if needed.

The chimney ***inspections*** take about 30 minutes to 1 hour for all 15 fireplaces. Any chimneys that need cleaning will be cleaned *after* all inspections are completed. The chimney ***cleaning*** will take about 15-20 minutes per fireplace.

**Please ensure that your suite is accessible** for this inspection/cleaning. If you cannot be home, please arrange for someone else to provide access. **There is a fee of \$50 per trip if Clean Sweep needs to return for absentees.**

Clean Sweep cleans *from the fireplace upward* and therefore requires access to each suite. The sweep will need 8 feet of open space directly in front of the fireplace. Clean Sweep guarantees that there will be no mess in your suite.

**Clean Sweep asks that you ensure a distance of 2 metres at all times. If anyone in your suite has been sick in the preceding 10 days or is sick on the day of the inspection, please put a note on your door. The technicians will be wearing masks and gloves.**

**If you use your fireplace, you must register it — see the [Metro Vancouver Bylaw Website](#).**
